Woman Within — Level 2: Archetypes of the Castle

Do you yearn to know more about yourself as a woman and learn how to use ALL of the power of who you are?

This new program uses the metaphor of the Castle to look at nine archetypal energies in your life, and as a result you will:

- ▶ Renew trust; reclaim your innocence, your birthright, and the essence of who you are by examining the nursery and the **infant** archetype.
- ▶ Learn to re-parent yourself so you can play and have fun in the world as you explore the **child's** room of the castle.
- ▶ Know yourself and cut yourself free from the messages that keep you closed down by revisiting the **adolescent's** room.
- ▶ Acknowledge and birth your mission by getting to know the creative **mother** that dwells in the kitchen of your castle.
- ▶ Meet your **warrior** in the Career Room and learn how to take action in the world by learning skills to protect your mission and purpose.
- ▶ Open your heart to your inner **lover** by embracing your beauty and sexuality by releasing shame about your body.
- ▶ Have an opportunity to break through stuck patterns as you transform both known and unconscious **shadows** that are keeping a part of you in the dungeon.
- ▶ Learn how to hold the tension of life and death as you visit the **crone** in the garden.
- ▶ Use the **Queen** energy to take your place in the world by honoring your inner authority.

These objectives will be met through the use of didactic presentations, small group discussions and experiential exercises, all led by certified Woman Within Facilitators and Facilitators-in-Training.

This training is open to all Woman Within graduates; no other prerequisite applies. However, it is recommended that you attend [Women Empowering Women](#) prior to **Woman Within — Level 2**.

This new program replaces the former WWL2 as a requirement for women interested in entering the Facilitation Track.

This workshop will be taught and facilitated by certified Woman Within leaders. Three of the presenters are:
