

Brothers and Sisters,

Who among us always sees the rich diversity of who we are, not only as women and men but as people. Each one of us has a different background which has had impact on who we are and how we see the world, as well as how the world sees us.

So how might you connect differently to someone if you had a better understanding of who they really were? What they have had as life experiences to mold them into who they are?. How might you reflect on your own self if you understood some of the Isms and Issues which have molded you? Your age, religious background, race, gender or economic status or upbringing. Each one of these things and more, are ways in which we see ourselves and the world sees us. And it isn't always through rose colored glasses.

On the New Warrior Training Adventure weekend we talk about co-creating a different reality, that we don't have to do it alone and that a better world, one of unconditional love can become real if we change our perspective. To this end.....

THE ELDER BODY OF THE WISCONSIN MANKIND PROJECT

Proudly Presents To You

ISMS AND ISSUES

A MULTI CULTURAL WORKSHOP

The workshop will be led by Henry Thurman and Rick Broniec and will include a variety of topics with focus on the issues we deal with in every day life around, racism, sexism, age, religion, political persuasion and many other forms of overt and not so overt ways people have of categorizing and forming and holding judgement on themselves and others.

Most of you know Henry and Rick, but for those who don't, they are part of the Wisconsin MKP Community, both Certified Full Leaders and Leader Trainers in MKP, as well as part of the MKP Multi-Cultural Team and instrumental in developing the I&I workshop. They bring a varied perspective to this work for Henry is a black man, Rick is a white man. We are very lucky indeed to have them with us in Wisconsin.

This is a one day workshop and will be held on May 9, 2009 at the Milwaukee Warrior Lodge from 7:45AM to 5:00PM. All Warrior Brothers and Women Within, their spouses, partners and significant others, are invited to attend. There is maximum space for 30 people. This workshop typically has a fee of \$125-\$150 and through the generosity of our presenters and an underwriting by the Wisconsin Elder Body and the Wisconsin MKP Board, we are able to bring you the workshop for a fee of \$50.

Many in our communities have taken the I&I Workshop and have talked about the undeniable benefits they received, not only in how they viewed others, but how they viewed themselves, and how it changed the way they lived their lives. People are invited to take the workshop more than once.

You can sign up for the Isms & Issues Workshop, by sending me a check, for \$50/person made out to The WIMKP Elder Body to: 417 New Castle Way, Madison, WI 53704. If you have any questions you may contact me @ 608-242-8642 or mxwbr@charter.net.

Come join us on May 9th. See what it is like to step into a different world co-created through understanding, self reflection and love.

Blessings,

Max Weber
