

Wisdom Gathering

Gather ... Work ... Play ... Celebrate...

August 22-24, 2008

How might Woman Within International be different if women gathered in a circle to explore and define a new way of being in community ... if after the fires burned low and the drumming hushed the women experienced the power of who they were ... and the women reentered their everyday lives knowing that the circle is a place of healing, action and growth ... how might

the lives of women all around the world be different?

This summer you have an opportunity to be a part of Community history in the ReCasting of Woman Within International. The weekend of August 22-24, 2008 in Williams Bay WI, at George Williams College of Aurora University, women are gathering to participate in the development of a strategic plan that will impact the future of WWIL.

The Board of WWIL invites you to join the Wisdom Gathering for the following:

- A presentation of Vision & Mission
- An introduction of WWIL Board Priorities and Objectives
- An honoring of community leaders

We ask you to come with your knowledge and expertise to participate in making our recasting more fully representative of our community.

As part of the agenda for the Wisdom Gathering there will be break out sessions in which board members will present a draft of their Area's Action Plan and you will have the opportunity to ask questions and offer feedback. The goal is for these sessions to result in strategically focused Action Plans that can be communicated and measured. The following highlights the areas defined as breakout sessions. Please come prepared with your ideas, experience and insights!

- Financial Stability
- Marketing
- Fund Development
- Multicultural Initiatives
- Community Development and Outreach
- Programming/Workshops
- Executive Committee

We as women know that magic happens when we work together, play together, and grow together. The Board of WWIL requests your involvement in the magic of ReCasting the Circle.
